LUNCH: Will be served on the grounds.

1. The auctioneer will settle any disputes as to bids.
2. Terms: Cash, unless arranged before the sale between seller and buyer and clerk so notified.
3. Guarantee: All cattle are sold subject to a sixty day retest for Tuberculosis if kept isolated, unless going into a Federal Accred.

ited Herd. Health certificates will be furnished to enable them to be shipped into other states. All cattle have been tested for Bang's within 30 days or are calfhood vaccinated. Bulls are guaranteed breeders if properly cared for, not allowed to run with the herd, and not used before 14 months of age. If a bull fails to breed he may be returned to the seller and if after a test in the seller's herd he fails to breed he will be replaced or purchase money be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over 14 months old at the time of sale are guaranteed to be breeders. Heifers should not be served by heavy or old bulls. The buyer must give the seller notice within 90 days in case of a non-breeder. In the case of young bulls, this means within 90 days after they become 14 months of age. All animals must be in as good condition as when purchased to be eligible for adjustment. Animals returned to seller because they do not comply with guarantee will be at the buyer's cost of transportation. The above guarantee and terms shall constitute a contract between the consignor and buyer of each lot.

5. We follow the practice of giving the consignor the opportunity to state a "reserve bid" or have the auctioneer announce "No Sale" on any animals. In case of a "no sale", the seller pays the regular pro rata sale expense, but there will not be any manager's fee. However, if any animals are "by-bid", there will be due the manager's fee. It is our hope this would discourage this practice.

6. A Certificate of Registry and signed transfer will be furnished for each animal sold and an application for registry will be furnished for each unborn calf.

7. We will not be responsible for any accidents that may occur, but will make every to provide for the safety and comfort of our guests.

EARL S. GIRTON

On February 6, 1973, the Hawkeye Downs Shorthorn and Polled Shorthorn Association, and the Shorthorn industry, lost one of its most avid and loyal supporters. Mr. Girton organized and developed this organization through his dedicated and untiring efforts. Even after his retirement from active management and involvement with his own cow herd, he continued to promote and assist in any manner which might aid in making this breed and this association more successful. These efforts and this dedication will not soon be forgotten by those of us in this association, who worked closely with him. We would hope that his enthusiasm for, and faith in, red, white and roan cattle, would serve as a stimulus to every propagator of Shorthorns in this region to do an even better job and raise their herds, and this breed, to yet higher pinnacles.

This picture taken as Otis Rothlisberger presented Mr. Girton with a plaque at the Golden Anniversary Hawkeye Downs Sale, in appreciation of fifty successful sales between 1946 and 1967.

OBITUARY

Earl S. Girton, 82, 612 W. Main St., Marshalltown, widely known livestock breeder, former farm real estate broker and insurance man, died February 6, 1973. Services were held Feb. 9 at First Congregational Church, Marshalltown.

Mr. Girton received his Bachelor of Science degree in animal husbandry from Iowa State University in 1913 and became associate professor of animal husbandry extension there from 1915 to 1917 after teaching animal husbandry and coaching debate teams at Auburn, Ala.

He won his honor letter by serving on the Intercollegiate Livestock judging teams at the American Royal and International shows in 1912. In 1920 ISU awarded Mr. Girton the honorary master of agriculture degree.

Following his marriage to Miss Lora Thompson in 1916, they moved to Revelanta Farms at Fairfield and a partnership formed with Dr. A.S. Hague, in the breeding of Shorthorn cattle, reg-

tered horses, hogs and sheep. This partnership was dissolved in 1927 and from then until 1931, Mr. Girton was a representative of Ralston Purina in south central Iowa.

While in Sioux Falls, S. Dakota, as assistant manager of Mutual Benefit Life Ins. Co., he developed the Sioux Empire Polled Shorthorn Club, Inc. His other interests included handling the financial end of the Marhalltown Livestock Auction from 1945-1948. He developed the Hawkeye Downs Shorthorn and Polled Shorthorn Club, Inc. where he held 50 sales from 1946 to 1967 and sold \$1 million worth of breeding cattle and club calves.

During these years Mr. Girton and partners on his farm, Alauna Acres at Vinton, developed a herd of Polled Shorthorns, receiving three grand championships at four national shows. He was a former director of the American Polled Shorthorn Society.

Survivors include the widow and two daughters, Mrs. Gerald (Shirley) Anderson of Lincoln, Nebraska and Mrs. Evan D. (Marilyn) Fisher of Chevy Chase, Md. Also surviving are 8 grandchildren and two great grandchildren. One daughter, Mrs. V.C. (Carita) Olsen, preceded him in death.

Note: The champion bull trophy will be given as an Earl Girton memorial.

SHOW CLASSES

The show will start at 9:30 A.M. with the females showing first, oldest first, followed by bulls, with youngest bulls showing first. There will be no Jr. judging contest, due to small number of female entries, and also lack of interest by Jr. members.

LOTS 37, 38, 39, 40, 41, & 42

This will be a pen of four to six heifers by Royal Valiant and Royalty C. Fascination. Bred and owned by Lloyd Burr & Son, Lone Tree, Iowa. These will be spring, 1972 calves. This should be a good chance to add those young females to your herd. It is not often a person can sell that old cow for 28c to 30c, and take a capital gain, so one should take advantage and replace as we have done this winter.
